

To: President Barack Obama

I am an American and earn less than \$250,000 a year.

Check all that apply below:

- I work at a retail store, wholesale business or manufacturing company that sells tobacco products.*
 - I am very concerned that I may lose my job if the federal cigarette and tobacco taxes are increased.*
 - I own a retail store or wholesale business that sells tobacco products and I am worried that these tax increases will force me out of business.*
 - I buy tobacco products and these tax increases on cigarettes and tobacco products are unfair and wrong.*
-

Mr. President, I expect you to be a man of your word and keep your promise by not raising taxes on Americans that earn less than \$250,000, including cigarette and tobacco taxes to expand the State Children's Health Insurance Program (SCHIP).
